MISSION STATEMENT

American Career College is dedicated to the belief that all students have the right to succeed to their full potential. To meet this challenge in postsecondary education, American Career College's mission is to provide adult learners with the skills and technical knowledge needed for initial employment in entry-level positions.

American Career College's goals include, but are not limited to, providing quality educational programs that can be completed in a timely fashion and are facilitated by an outstanding faculty and staff. The programs offered at American Career College are designed to meet the needs of all communities of interest. Continual program reviews, through the assistance of advisory committees, helps to ensure that all programs are up-to-date and relevant to employers' needs.

EXECUTIVE ADMINISTRATION

Letter from the President

DAVID A. PYLE

Founder
Chief Executive Officer

Congratulations 2021 American Career College graduates!

Dear Class of 2021,

The American Career College family and I congratulate you on your graduation! This educational milestone is a testament of your commitment to forging ahead in your careers. For more than 40 years, our college has educated generations of healthcare professionals, and the Class of 2021 has proven perseverance and tenacity by pursuing your education and passion for helping others during unprecedented times that have challenged everyone personally and have highlighted the critical need for well-trained medical professionals. You should be immensely proud of your achievement.

You are entering a world that needs you now more than ever. It needs your passion, your willingness to help, and your ability to tackle any challenges that arise. You are now ready to play a crucial role in our society as an essential health care worker. You have completed a curriculum of rigorous training and skill development along with hands-on training that has prepared you to help others who need you now more than ever.

Although we are unable to celebrate together this year for the safety of our ACC graduates and community, I want you to know that we fully recognize your incredible accomplishments. You put in the work while juggling many other commitments and completed your program. I am personally inspired by your dedication and strength.

Dreaming big is important for a successful career, but it is only the first step. To turn those dreams into reality, to live up to everything you know you can be, you must prepare and work hard. Pursuing your healthcare education has been a big step in that preparation. As you continue to advance as a healthcare professional, I encourage you to dream big, prepare, and remember the lessons you learned while at ACC.

Congratulations again on your success! I could not be happier to celebrate your achievements and recognize your hard work. We are proud to welcome you to the ACC alumni family

Yours Truly,

David Pyle

Founder and Chief Executive Officer

Keynote Speaker

LEVI HARRISON, MD

Dr. Levi Harrison is an orthopedic surgeon and a board member of West Coast University. Known as the “Gamers & eSports Doctor,” Dr. Levi’s practice has come to be regarded as one of California’s premier orthopedic centers that specializes in hand rehabilitation and sports-related upper extremity and shoulder injuries. He has helped treat celebrities and everyday heroes alike, from elite athletes and professional eSports gamers to police officers and firefighters.

Dr. Levi studied medicine at the University of California, Davis and completed a fellowship at the renowned Indiana Hand to Shoulder Center. He undertook his orthopedic surgery residency in Los Angeles, where he established his practice and still works today.

Beyond treating hand and shoulder injuries, Dr. Levi has also become known for helping patients improve their health through fitness and nutrition. He creates custom fitness and nutrition strategies catered to each patient’s unique circumstance and history and in 2011 published “The Art of Fitness: A Journey to Self Enhancement.”

In 2015, Dr. Levi served as the Medical Director of Healthy Athletes at the Special Olympics World Games, where he got to work with over 6,500 athletes from across the world. He has been featured on the Dr. Oz Show, CNN, Fox 11 LA, KTLA Morning News, Variety Magazine, and Vice Media.
